This Port of Call provides an opportunity for associates to share new learning and practice techniques from three of the courses in Be a Beacon: “Be Healing,” “Be Purposeful” and “Be Exceptional.”

This Port of Call contains three timed excursions:

- Excursion 1: 15 minutes
- Excursion 2: 10 minutes
- Excursion 3: 20 minutes

You can choose to facilitate them all at once, or pick whatever you can work into a standing meeting and go for it. It’s up to you!

In “Be Healing,” associates learn how their personal energy impacts the environment and their interactions with others.

Associates who complete “Be Healing” are able to:
- Explain how they are the environment.
- Define situational awareness and provide examples.
- List behaviors that should occur in “on stage” areas.
- Recognize environmental and behavioral cues that detract from a healing environment.
- Generate environmental and behavioral cues that support a healing environment.
- Attend to the physical safety of the environment.

In “Be Purposeful,” associates learn ways to minimize uncertainty and maximize understanding when communicating with others.

Associates who complete “Be Purposeful” are able to:
- Identify when the patient, family and others are ready to receive essential information.
- Clearly explain to patients, families and others what to expect next (connect care dots).
- Recognize the importance of explaining “the why” supporting the action.
- Confirm that others understand the communication.
- Demonstrate safe(ty) – deliver information that impacts patient safety clearly, using concepts and language familiar to the patient.
Overview, continued

| “Be Exceptional” Overview | In “Be Exceptional,” associates are encouraged to choose to take charge of the moments they have with patients, families and each other to deliver on their unexpressed wishes and needs. Associates who complete “Be Exceptional” are able to:  
• Identify ways to personalize the patient/customer/associate experience.  
• Describe how to deliver essential information in a personal and memorable way.  
• List examples of displaying personal courage.  
• Describe three ways to personally make a difference for others. |

| What We’ll Cover | Note: You only need to introduce the excursion you plan to cover today.  
“Be Healing”:  
Today, we are going to practice how to recognize positive and negative cues that either support or detract from a healing environment.  
“Be Purposeful”:  
Today, we are going to run through a fun exercise that demonstrates how one word can change the tone of a conversation.  
“Be Exceptional”:  
Today, we are going to take time to look at the six qualities that help to create memorable moments of engagement. |
| Guidelines | As always, I’m depending on your great participation and strong support of each other. |
**Facilitator Note:** You will need a timer. Participants will need paper and pen.

Think back to our “Be Healing” course. You learned about negative and positive cues in the environment and how your personal energy impacts the environment.

**Ask:**
- What are negative cues? Answer: Things that distract from a healing environment – for example, visual messes, loud noises and smells, loud voices and negative attitudes.

That’s right – let’s go on a “negative cues” scavenger hunt!

**Group participants into teams of at least two and no more than five.**

**Share the scavenger hunt rules:**
1. Five minutes to identify as many negative cues in the physical environment as possible.
2. Proceed quietly, without disrupting patients or co-workers.
3. Each negative cue is worth one point.
4. Each corresponding positive cue suggestion is worth an additional point.
5. Most points wins!

**Conduct scavenger hunt. (Set your timer for five minutes.)**

Have each team share their total points and one or two negative cues that have not yet been shared.

**Explore corresponding positive cues.**

**Gain the group’s commitment to replace the identified negative cues with positive cues as soon as possible. Divide and conquer those negative cues!**
**EXCURSION**

**Introduction**

Very early on in this learning experience – way back in the Be a Beacon “Introduction” – we talked about creating memorable moments of engagement.

Write valuable, intuitive, delightful, authentic, compassionate and memorable on a whiteboard or flipchart (if available).

All the work we’ve done together forms the foundation for creating those moments – moments that are **valuable, intuitive, delightful, authentic, compassionate and memorable**.

Reference “Be Exceptional” tip sheet.

---

Thinking about all you’ve learned, let’s break down those qualities a bit.

*Ideally you have enough associates to split into six groups. If not, use your judgment on how to assign the six qualities below.*

**Instructions to get started:**

Assign each group one of the qualities.

Allow five minutes for groups to define the quality they have been assigned, and brainstorm a few examples of what they can do as a team.

Circulate and add clarity as needed. After five minutes, ask each group to share their definitions and suggestions for how the group can bring these qualities to life.

*Use the definitions and examples below if prompts are needed.*

| **Action Planning**       | Nice work, everyone! Now I’d like you each to take a moment to commit to one action you are personally going to take – based on what you learned – to create memorable moments with those you touch each day. Jot down your idea.  
   
   Ask for two to three volunteers to share their commitments.  
   
   **Optional:**  
   Show the Power of One video to leave a lasting impression and motivate your team. Click on this link: [https://www.youtube.com/watch?v=8I7Wk14VWK4](https://www.youtube.com/watch?v=8I7Wk14VWK4) or type it into your browser.

| **Bonus Activity** | **Facilitator note:** You will need to capture a picture (Either with a camera or a smart phone) and to gather some black markers. Provide each participant with one copy of the blank “Be a Beacon” half-page handout.  

The overall tone of this activity should be a sense of accomplishment and celebration.  

Show the “We are ALL the Patient Experience” video.  

https://www.youtube.com/watch?v=iBLQnThJ6w0  

**If you show the video, say the following:** “This video shows a wonderful example of how each of us contributes to the patient experience no matter where we work.”  

**If you do not show the video, say the following:** “Each of you contributes to the patient experience no matter where you work within Beacon Health System.”  

“To celebrate this point, I’d like for each of you to write ‘I am the Patient Experience’ on your piece of paper. After you are done, I’ll take your picture holding the sign.”  

You have creative liberty with this activity! Have fun! Feel free to take individual or group photos. You can take pictures of your team during monthly meetings or catch people in their own elements. Hand them the paper, ask them to write “I am the Patient Experience” on it and take their picture holding the sign. Let them know how much you appreciate the work they do.  

Thank your staff for completing the on-line courses and attending the excursions. You may decide to provide a little reward.  

Encourage associates to put action to the learning and practice the behaviors. |
| **Close** | Have a great rest of the (day/night)! |
