**Diagnosis** (ICD Code Required): \_\_\_\_\_

**Ordering Physician** (Signature): \_\_\_\_\_

(Printed): \_\_\_\_\_

(Date): \_\_\_\_\_ (Time): \_\_\_\_\_

### **Procedure Scheduled: DOBUTAMINE ECHO STRESS**

**Prep:** Please arrive 45 minutes before your appointment for preparation. Please do not apply creams, oils, or powders to the chest area.

**About your procedure:** Please do not eat or drink anything 4 hours before your procedure. You may take prescribed medications with sips of water the day of your procedure. Ask your physician about how to take diabetic medications or insulin before your procedure. Check with your physician about taking any prescription medication before your test. Bring a list of current medication with you and alert the staff about any allergies you may have, or if you have glaucoma or prostate problems. For a complete test description, request a patient itinerary from Central Scheduling. If you have high blood pressure, we prefer that you not take your medication the morning of the test.

**How to find us:** **Free** valet parking is available for patients at the Main Entrance, or you may park in the Bartlett Street Parking Ramp (see map). Cardiology Services will validate your parking stub. When you arrive at Memorial, you must register for your procedure in Admitting, located in the Main Entrance area of the hospital to the rear of the Information Desk (see maps). From there, you will be directed to Cardiology Services. If you have any questions, please ask the Main Entrance Information Desk. If you need any assistance regarding scheduling, please call 647-7700.
